

Instructions For:

# MIGHTY MEN AND MONSTER MAKER™

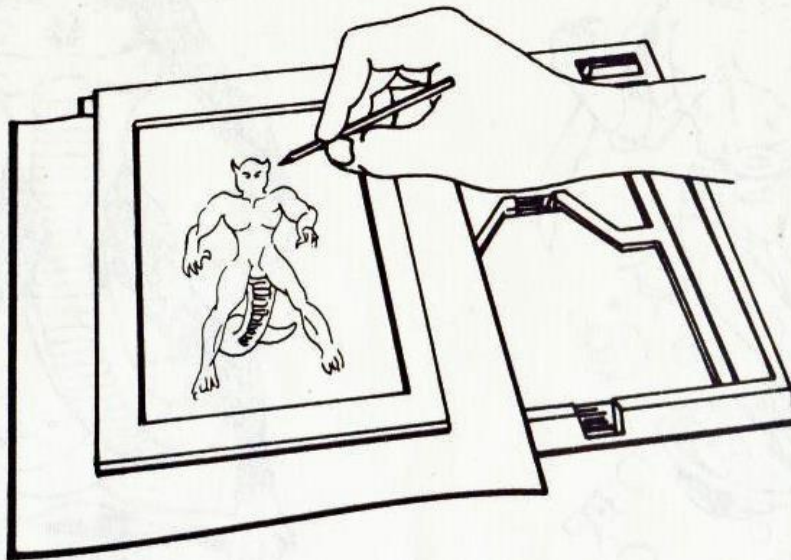

**1** Choose a head, a torso, and legs from the 18 plates. Some plates will have pictures on both sides. Place the plates in left tray.

**2** Place a sheet of paper under the frame against paper stop guides. Close frame and hold it down firmly. Rub crayon printer, in circular motion gently across paper until picture appears.

FOR THE BEST PICTURES, hold frame down, keeping crayon level, and clean the frame every so often.

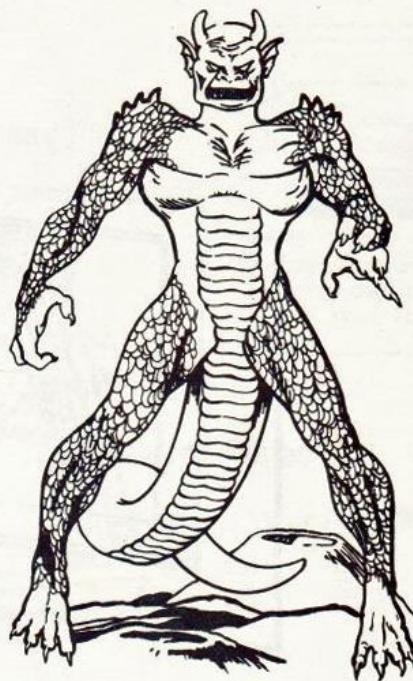

- 3 Some of the plates have skin textures like scales or hair. Put the textured plates you like into the left tray. Now put your drawing back in and color it in with pencils. The skin texture you chose will appear in color. For solid colors, put your drawing on a flat surface before coloring. Try using different skin textures on parts of one drawing, or coloring some areas solid. Try coloring with a texture over a different solid color.

When your Mighty Men and Monster Maker™ crayons wear out you can replace them with regular crayons. However, we suggest that you use our special crayons. They are harder, they smudge less and last longer than regular crayons. Just \$1.00 will cover the cost of two special crayons, postage and handling. Send a check or money order with your name and address to Tomy Corp., Dept. 25, 901 E. 233rd St., Carson CA. 90745. California residents include 6% sales tax. No C.O.D. orders accepted. Do not send cash.

**You can draw regular good guys and regular monsters or mix up their parts to draw super monsters. With a little practice, you can invent neat and incredible creatures never before seen and good guys to fight them. Be a mad scientist.**
